12. What made the player-piano special?

_____.

13. Unscramble sentence ①.

Now, because of _____.

[14~15]

It is said that the bicycle was invented in France in 1790. However, no clear information supports this. We do know that German inventor Karl von Drais created the first practical bicycle in 1816. It was two-wheeled and moved along by pushing the rider's feet upon the ground. This vehicle was improved in 1839 by Kirkpatrick Macmillan, who invented pedals.

14. Where might the bicycle have been invented?

15. How was the bicycle first moved along?
